

Previously, I have written in support of whitetail bow hunting on Sunday for private properties. I support Bill No. 6034. I work full-time during the year Monday -Friday and hunting on Sunday would not only give me extra oppurtunities to hunt but it in general would help control the large deer population, control auto and deer collisions and property damage. Thank you, James Abriola, 51 Ironwood Rd. Trumbull, CT 06611
